

D&H United Fueling Solutions Acquires DNL Petroleum Service and Maintenance

San Antonio and Houston, Texas – May 4, 2016- D&H United Fueling Solutions announced the acquisition of DNL Petroleum Service and Maintenance, a leading fuel system service company based in Houston, Texas. DNL will become the Houston branch office for D&H United Fueling Solutions and DNL personnel located in Dallas will join the D&H United Dallas branch. DNL founder Darin Gingrich will join D&H United Fueling Solutions as the Houston branch manager.

D&H United CEO Bo Sasnett stated, “We are really pleased to have Darin and the entire DNL team join our company. With this acquisition, we continue to grow our technical service and support teams. By adding a branch in the fourth largest city in the United States, we are now able to serve our customers across all of the major markets in our footprint throughout the Southwest.

DNL founder, Darin Gingrich added, “This combination is a really good fit. DNL was founded on the principles of service and taking care of the customer. D&H United has the same culture and philosophies. We now have more resources to allow us to continue to grow and be a part of the growing D&H United team.”

With the acquisition, D&H United now has eight branch offices and fully stocked warehouses in the following markets; Houston, Dallas-Ft. Worth, San Antonio/Austin, El Paso, Midland-Odessa, Lubbock, Amarillo and Albuquerque. In addition the company services customers in Arizona, Colorado, Louisiana, Oklahoma and Arkansas. The company has approximately 250 employees with 150+ vehicles and power units.

“Our goal and focus is to provide fuel system expertise and services along with excellent customer service to all of our customers across our markets in the Southwest”, stated Sasnett.

About D&H United Fueling Solutions, Inc.: D&H United Fueling Solutions is a leading provider of services for fueling facilities including equipment sales, installation and construction, repair and service. The company also provides alternative fueling and environmental services. The company provides its portfolio of services across the Southwest in Texas, New Mexico, Arizona, Oklahoma, Colorado, Arkansas and Louisiana with approximately 250 employees and 150 vehicles and power units deployed in the market.
